Dear Sir/Madam

**BASIC SUMMARY OF RECORDS REQUEST**

Thank you for your Basic Summary of Records request for the site consisting of the following parcel(s) of land:

- COCKBURN SOUND LOCATION 220 ON PLAN 245446 as shown on certificate of title 2082/370 known as 220 Chesterfield Rd, East Rockingham WA 6168 ("the Site"),

which Department of Environment and Conservation ("DEC") received on 10/12/2008.

A search of DEC's records of known and suspected contaminated sites was undertaken however, our records indicate that as of 11/12/2008 this Site has not been reported to DEC as a known or suspected contaminated site either prior to or after the commencement of the *Contaminated Sites Act 2003*.

Please note, however, that a large number of known or suspected contaminated sites were reported to DEC in late May and June 2007. Certain submissions, such as some mine sites, have proved challenging and time-consuming to identify and are have yet to be captured. The search of DEC records undertaken in this case may not consider any sites which fall into the above category. The search undertaken does consider all other sites reported to DEC.

For general enquiries, please contact the Registrar on 1300 762982.
