

showerhead swap

Meter Reading Roster

Below is the meter reading roster for January, February, March, April, and May 2012. The suburbs are listed alphabetically. You may notice that your suburb appears in more than one month. This is when we read meters in part of the suburb and then go back to read meters at a later date in the same suburb.

If your suburb does not appear in this roster, email us at customer@watercorporation.com.au to find out when you can expect your next water use account.

Please note:

- *This meter reading roster is a guide only and is subject to change.*
- *The Showerhead Swap program will continue until stocks last.*
